**Maklumat lanjut seperti di dalam risalah yang dilampirkan**

## MyCCAdH

Malaysian Clearinghouse Centre for Adolescent Health

### Improving Adolescent Health Through Research And Knowledge-sharing

#### Who are we?

In February 2013, the Department of Social & Preventive Medicine, Faculty of Medicine, University of Malaya was appointed by the Ministry of Health Malaysia to become a Clearinghouse Centre for Adolescent Health. The Centre collects and disseminates findings from adolescent's research carried out in Malaysia.

The Centre covers 5 priority areas which are in line with the National Adolescent Health Plan of Action, 2006-2020

High Risk Behaviour

Mental Health

Nutrition Health

Physical Health

Sexual and Reproductive Health

#### Our Vision & Mission

##### Vision

To become a Clearinghouse Centre which will provide a single point of contact for the collection of documents, research, publication and other information on youth and adolescent health.

##### Mission

The Centre is committed to improve the health and well-being of adolescents by;

- Providing a web-based adolescent health information dissemination amongst health professionals and the general public.
- Identifying the gaps or potential areas for research in adolescent health.
- Creating opportunities or links for collaboration among stakeholders and other institutions both nationally or internationally.
