

If you're ever involved in risky behaviours,
**GO FOR
HIV SCREENING TEST
NOW.**

I  **Mummy and Daddy**

HIV IS NOT SOMETHING TO BE INHERITED.

This child may endure suffering. This child may accept death. But, should she suffer and die because of HIV inherited from parents who are supposed to love and care for her?

- Screening can be done in all government clinics and hospitals for free.
- Counselling and treatment are available.
- Your privacy is assured.
